

NORTH SHORE SKI TRIP

2019

How fortunate are we to have been able to spend three glorious days on the mountains skiing!

Yes, 26 of us 49ers spent the time skiing Alpine, Squaw, North Star, and Sugar Bowl. After that we assembled at the Peppertree Hotel for tiddlies.

We walked over to Rosie's for dinner and helped Robert celebrate his birthday with delicious chocolate cake.

He also received a belated birthday greeting from a little owl who sat on his shoulder at Northstar.

Several of the lady skiers participated in the Wednesday women ski classes. It was a fun morning of learning what we were doing wrong and also what we did right.

That evening we all gathered at the Hacinda Del largo for more eats, drinks, and togetherness.

How blessed are we to be able to enjoy the beautiful snow-covered mountains with numerous ski runs and awesome people who actively seek them out!
