

SOUTH LAKE TAHOE SKI TRIP

2019

The South Lake Tahoe trip was held this year for the first time in several years. The dates were March 19 – 21 which was the week following the Mammoth trip. About 28 people stayed at the Forest Suites Resort at Heavenly Village. 2 or 3 others joined us for skiing. The location and quality of the rooms was a major plus; walking distance to the Gondola.

The quality of the snow left a little to be desired but, in general, everyone found something to their liking especially as the snow softened during the day. The original schedule called

for a trip to Kirkwood on the second day, but most preferred to ski Heavenly on days 1 and 2, going to Kirkwood on Day 3, then home.

Forest Suites treated us to wine and cheese the first night in their Big Al's Saloon. It was not on their schedule but they inadvertently had sent me February's schedule which did have it included. When I showed them the schedule that they had sent me, they agreed to give it to us at 5 p.m. the first night. We were quite delighted! Everyone went their separate ways for dinner. The second night it was suggested that those who wanted to go to California Burger Co. meet in the Lobby at 4:45.

As far as I could tell, a good time was had by all and I think the Resort would be happy to have us again next year. I would ask for a hosted wine and cheese welcome, even if it isn't on the schedule.
