

## UTAH SKI TRIP 2018

**This year's Salt Lake trip was held on February 4th - Feb.10th. As in the past, we were hosted by the Hawthorn Suites and enjoyed the great rooms, breakfast and chocolate cookies that they serve at 7:PM each evening. Although there are many places to eat nearby some of the members partook in the Tuesday - Thursday food that the hotel provides at 6:00PM.**

**This year group dinner was held at the Bohemian Brewery, a German restaurant and pub. All agreed that the food was excellent and some members returned another night. ---- On Wednesday we skied at Snow basin with the annual stop at the Shooting Star Saloon for Beer and a Starburger.**

**Most of us skied at Alta and Snowbird the rest of the week as they are a part of the Mt. Collective. Some skied at Brighton. Despite some challenging snow conditions and visibility, all had a great week of skiing and a unanimous agreement to return next year.**

**Our après ski meeting place was at the Porkupine bar for drinks and appetizers.**
